

# Terms of Use

Last Updated: April 23, 2025

## 1. Acceptance of Terms

These Terms of Use ("**Terms**") govern your access to and use of the **ReelTale** iOS mobile application (the "**App**") and any content, features, or services offered through the App. This is a legal agreement between you ("**User**" or "**you**") and **Detector Studio Limited** ("**Detector Studio**", "**Company**", "**we**", or "**us**"), the developer and provider of ReelTale. By downloading, installing, or using the ReelTale App, or by purchasing a subscription or any content within the App, you acknowledge that you have read, understood, and agree to be bound by these Terms. **If you do not agree to these Terms, you must not use the App.**

You understand that the App is distributed through Apple's App Store and that your use of the App is also subject to Apple's **App Store Terms and Conditions**. Detector Studio is solely responsible for the content of the App, but Apple and its subsidiaries are third-party beneficiaries of these Terms as described in Section 15 below.

## 2. Eligibility and Age Requirements

You must be at least 18 years old to use ReelTale's services, create an account, or make any purchases within the App. ReelTale's documentary AI series content is not classified as adult or age-restricted content; however, because the App offers in-app purchases and subscriptions, it is intended for adults and those who have reached the age of majority in their jurisdiction. If you are under 18 but at least 13, you may only use the App under the supervision and with the consent of a parent or legal guardian who agrees to be bound by these Terms on your behalf. **Detector Studio does not knowingly permit children under 13 to create accounts or provide personal information through the App.**

By using the App, you represent and warrant that you meet the above age requirements and that all information you submit is truthful and accurate. The Company reserves the right to request proof of age or consent at any stage and to terminate or refuse service to any user who does not meet these eligibility criteria.

## 3. Account Registration and Sign-In

To access certain features of ReelTale (such as purchasing or viewing episodes and series), you will need to create an account. The App utilizes "**Sign in with Apple**" for account registration and login. When you sign in with your Apple ID:

- **Authentication:** Apple will authenticate your identity, and upon successful login, will provide us with your Apple ID email (or an anonymous relay email) and a unique identifier. This information is used to create and maintain your ReelTale account. You are responsible for ensuring that the information provided (i.e., your Apple ID credentials) is correct and up-to-date.
- **Account Security:** You are responsible for maintaining the confidentiality of your Apple ID and any credentials associated with your account. Do not share your login details with others. All activity that occurs under your ReelTale account (such as

purchases or content viewed) will be presumed to have been done by you. If you suspect any unauthorized use of your account, you must promptly notify us and change your Apple ID password.

- **Account Usage:** You agree not to create multiple ReelTale accounts for the purpose of abusing the service or to circumvent any account restrictions. You also agree not to use anyone else's Apple ID or ReelTale account to access the App. The account is for your personal use only, and you may not transfer it to any other person.

Detector Studio is not liable for any loss or damage arising from your failure to comply with the above account obligations. Apple's authentication mechanism provides a secure way to log in; however, you must also take steps to secure your own device and Apple ID. Use of the App requires an active Apple ID; if your Apple ID is suspended or terminated by Apple, we may not be able to provide you access to ReelTale.

#### 4. Subscription and Purchases

ReelTale offers its content (AI-driven documentary series and episodes) through a combination of subscription services and one-time purchases. By purchasing a subscription or any content in the App, you further agree to the terms in this Section.

- **4.1 Subscription Service:** ReelTale provides a monthly subscription option ("**Subscription**") that, during an active subscription period, grants you **unlimited access to all series and episodes** available in the App. The Subscription is offered on a **monthly auto-renewing basis** via Apple's in-app purchase system. By subscribing, you authorize Apple to charge your Apple App Store account the advertised monthly fee on a recurring basis until you cancel.
  - The Subscription fee, billing period, and benefits (e.g., unlimited access to current and future content in the App) will be clearly displayed to you at the time of purchase. All subscription prices are subject to any applicable taxes and fees, which may be charged by Apple in addition to the base price.
  - **Auto-Renewal:** Your monthly Subscription will **automatically renew** each month on its renewal date, and your Apple App Store account will be charged the then-current subscription price, unless you turn off auto-renewal at least 24 hours before the end of the current billing period.
  - **Payment and Billing:** Payment for the Subscription is handled by Apple. The charge will be billed to the payment method associated with your Apple ID (such as your iTunes Account) upon confirmation of purchase and, for renewals, within 24 hours prior to the start of the next subscription period. Detector Studio does not receive your personal payment information.
  - **Managing Subscription:** You can manage and cancel your Subscription at any time via your Apple ID account settings on your device. For example, to cancel or turn off auto-renewal, go to Settings on your iPhone/iPad, tap your name, then "Subscriptions," and select ReelTale to modify or cancel the subscription.

- **Cancellation Policy:** If you cancel the Subscription, the cancellation will take effect at the **end of the current billing period**. You will retain access to Subscription content until the current paid period expires, and no further charges will be made. Partial refunds are generally not provided for mid-period cancellations. (If required by applicable law or under Apple's refund policies, requests for refunds may be directed to Apple. As the payment provider, Apple may handle refunds at its discretion according to their App Store refund policy.)
- **Free Trials:** If we offer a free trial period for the Subscription, the details will be provided at sign-up (including duration of trial). Free trials are only available to new subscribers (one per user). If you do not cancel by the end of the trial, your Subscription will automatically convert to a paid subscription and your account will be charged. **Any unused portion of a free trial period will be forfeited when you purchase a subscription** before the trial ends.
- **4.2 Individual Episode Purchases:** In addition to (or instead of) the Subscription, ReelTale may allow users to purchase individual series or episodes on an à la carte basis (a **"One-Time Purchase"**). If you choose not to subscribe, you can still enjoy content by buying episodes or series individually through a one-time in-app purchase.
  - When you buy a specific episode or series, you are granted a personal, non-transferable right to access and view that content indefinitely (or for as long as the App and that content remain available) without a recurring fee.
  - Each One-Time Purchase will be processed via Apple's in-app purchase system, and your Apple account will be charged the listed price for that episode or series once, at the time of purchase.
  - Purchased episodes/series can typically be restored on other devices linked to your same Apple ID using the App's "Restore Purchases" feature, as long as you log in with the same ReelTale account (same Apple ID login).
  - We reserve the right to offer discounts or bundle pricing for multiple episodes, and such offers will be communicated within the App. All sales of digital content are generally **final**; we do not offer refunds for individual episode purchases once access has been granted, except where required by law or by Apple's policies. If you experience any technical issues preventing access to content you purchased, contact us or Apple support for assistance.
- **4.3 Price Changes:** The prices for Subscriptions and One-Time Purchases are set by Detector Studio and displayed in the App Store localized to your region. We may occasionally update the pricing for our content or subscription. If the Subscription price changes, Apple will notify you of the new price and, if required, seek your consent. Price changes for auto-renewing subscriptions will not take effect without your consent; if you do not agree to a price increase, you should cancel the Subscription before the next billing cycle. Continued use of the Subscription after a price change takes effect constitutes your acceptance of the new price.

- **4.4 Promotions and Offers:** From time to time, we may offer special promotions, coupons, or referral programs that provide discounts or extended access. Such promotions will be governed by additional terms and conditions, which will be provided to you. Promotions are often time-limited and can be revoked or modified by us as permitted by applicable law.

By making any purchase in the App, you also agree to Apple's **media services terms** and any terms of sale they impose, since all transactions are facilitated by the App Store. Detector Studio is not responsible for any errors or issues in the payment process; those are handled by Apple. However, we will make reasonable efforts to support you in resolving any purchase-related problems to ensure you get the content you paid for.

## 5. License to Use the App and Content

Subject to your compliance with these Terms and, where applicable, your payment of required fees (subscription or purchase price), Detector Studio grants you a limited, non-exclusive, non-transferable, non-sublicensable license to: (a) download and install one copy of the ReelTale App on an Apple device (iPhone or iPad) that you own or control, and (b) access and stream the documentary series episodes and content made available within the App, for your personal, non-commercial use only.

All content provided in the App, including but not limited to text, images, graphics, animations, audio, video, and interactive experiences (collectively, the "**Content**"), is owned by Detector Studio or its licensors and is protected by copyright, trademark, and other intellectual property laws. This license is provided solely for the purpose of letting you use and enjoy the App's content in the manner permitted by these Terms. **You do not acquire any ownership rights** in the App or Content by purchasing or accessing them; you are simply granted a license to use them under the conditions described.

## 6. Prohibited Uses and User Conduct

We expect users of ReelTale to use the App and its content responsibly and lawfully. By using the App, you agree that you will **not**:

- **6.1 Copy or Redistribute Content:** You will not copy, reproduce, screen-record, distribute, publicly perform, or publicly display any part of the App or its Content outside of the App itself, unless expressly authorized by us. This means you should not attempt to save videos or episodes outside the App, upload our content to other platforms (like YouTube or social media), or share it in a manner not permitted by the App's sharing features.
- **6.2 Reverse Engineer or Tamper:** You will not decompile, reverse engineer, disassemble, attempt to derive the source code of, or decrypt the App or any of its components. You also agree not to remove or circumvent any technical protection measures in the App (such as DRM or encryption used to protect content). Any attempt to modify, hack, or tamper with the App's binaries or data is strictly prohibited.
- **6.3 Misuse the Service:** You will not use the App in any manner that could interfere with, disrupt, or negatively affect the App or servers or networks connected to the

App. This includes not introducing viruses, worms, malware, or any code of a destructive nature and not engaging in any activities that impose an unreasonable load on our infrastructure.

- **6.4 Unlawful Activities:** You will not use the App or Content for any illegal or unauthorized purpose. You agree to comply with all applicable laws, regulations, and ordinances in your jurisdiction while using ReelTale. This includes not using the App to create, transmit, or view any content that is defamatory, obscene, harassing, infringing, or otherwise unlawful.
- **6.5 Infringement of Rights:** You will not misuse our intellectual property or that of third parties. Do not use Detector Studio's name, logo, or branding without our prior written consent. Likewise, do not use the App to infringe the copyrights, trademarks, or other rights of any person or entity. If the App allows any user-generated input (for example, if there were comment sections or the ability to create content, though currently it does not), you must not upload anything that you don't have rights to or that violates someone else's rights.
- **6.6 Account Sharing and Unauthorized Access:** You will not share your account credentials with others or allow others unauthorized access to ReelTale through your account. You will not try to access other users' accounts, or any non-public sections of the App or our systems.
- **6.7 Third-Party Software:** You will not use any automated scripts, bots, scrapers, or third-party software to access, modify, or scrape data from the App. The use of any software or devices that alter the App's functionality (for example, using jailbroken devices in ways that compromise security or using VPN/proxies to appear as a different user or location for fraud) is forbidden if it interferes with our service or violates these Terms.

Detector Studio reserves the right to monitor usage of the App for violations of these Terms. We may suspend or terminate your access (with or without notice) if we reasonably suspect any prohibited conduct or misuse. Engaging in any of the above prohibited activities is a material breach of these Terms and may result in immediate termination of your license to use our App, without a refund of any amounts paid.

## 7. Intellectual Property Rights

All rights, title, and interest in and to the ReelTale App and all Content available through the App are and will remain the exclusive property of Detector Studio Limited and/or its content licensors. The App and Content are protected by copyright, trademark, and other intellectual property laws of the United Kingdom, the United States, and international treaties.

- **Trademarks:** "ReelTale", the ReelTale logo, "Detector Studio" and any other product or service names or slogans displayed in the App may be trademarks of Detector Studio or its partners. You are not permitted to use these trademarks without our prior written consent. All other trademarks that appear in the App (for example, Apple's trademarks like "Apple" or "App Store") are the property of their respective owners and are used for reference purposes only.

- **Content License to Users:** As part of the license granted in Section 5, we permit you to access and view the Content for personal use. This license is conditioned on your compliance with these Terms. Any use of the Content beyond what is authorized by these Terms is strictly prohibited and violative of our rights. You **must not** archive, download (except via official offline features, if any), reproduce, or create derivative works from our Content without permission.
- **Feedback:** If you choose to provide us with suggestions, ideas, or other feedback about the App ("**Feedback**"), you acknowledge that we are free to use and incorporate such Feedback in our products or services, without any payment or condition to you, and you waive any claim to ownership or compensation for any improvements or modifications made based on your Feedback. Providing Feedback is entirely optional, but by providing it, you grant us a perpetual, sublicensable, worldwide license to use it for any purpose.
- **Third-Party Intellectual Property:** ReelTale's documentary AI series might include or depict elements that are subject to third-party rights (for example, images, music, or historical footage licensed to us). Detector Studio has obtained the necessary rights to include such content in our App. However, that content is provided for viewing through the App only and may not be separately used or extracted by you. You agree to respect any such third-party rights. If you believe the App or any Content infringes your intellectual property rights, please notify us immediately with details so we can investigate (see Contact Information below for how to reach us).

## 8. Internet Connectivity and Availability

**ReelTale requires a constant internet connection** to function properly. The App streams content (AI-generated documentary episodes) on-demand, and thus you must have an active data or Wi-Fi connection to use the service.

- **Responsibility for Connection:** You acknowledge that the availability and quality of the App's streaming content can be affected by the quality of your Internet connection. Detector Studio is not responsible for any inability to access or view content due to issues with your internet service, Wi-Fi network, or cellular data provider. It is your responsibility to have a data plan or internet service sufficient for streaming video content.
- **Data Charges:** If you use ReelTale on a mobile network (as opposed to Wi-Fi), your network provider's data and messaging rates and fees may apply. **You are solely responsible for any costs you incur for data usage to access ReelTale.** If you exceed your data plan limits or incur additional charges, Detector Studio will not be liable for those charges. We recommend monitoring your data usage or using Wi-Fi when possible if bandwidth or cost is a concern.
- **No Guarantee of Uninterrupted Service:** We strive to keep ReelTale available 24/7, but we cannot guarantee uninterrupted service. There may be occasions when the App is inaccessible or experiences buffering, delays, or errors. This could result from scheduled maintenance, updates, or technical issues (either on our side or with third-party providers like server hosts or network providers). We will try to inform users in advance of any planned outages (for example, via an in-app notification), but

emergency maintenance or outages beyond our control may occur without notice.

- **Device Compatibility:** The App is designed for modern iOS devices that meet certain technical requirements (which may be listed on the App's App Store page, such as required iOS version). It is your responsibility to use a compatible device and to keep the App updated to the latest version. We are not responsible if you are unable to use the App or content due to using an incompatible or outdated device or operating system.
- **Updates:** We may release updates, patches, or new versions of the App from time to time to improve functionality, add features, or fix bugs. Depending on your device settings, the App may download and install updates automatically, or you may need to manually update through the App Store. You agree that the Terms (and our EULA) will apply to the updated App as well, and you are required to use the latest version for optimal security and performance. We reserve the right to discontinue support for older versions of the App after an update is available.

## 9. Disclaimer of Warranties

**ReelTale and all content and services provided through the App are offered on an "AS IS" and "AS AVAILABLE" basis.** To the fullest extent permitted by law, Detector Studio Limited hereby disclaims all warranties, whether express, implied, or statutory, regarding the App and its content, including but not limited to any implied warranties of merchantability, fitness for a particular purpose, title, non-infringement, and any warranties arising from course of dealing or course of performance.

- **Content Accuracy:** The content in ReelTale consists of documentary-style series, some of which may be generated or presented with the assistance of AI (artificial intelligence). We strive to make our content engaging and informative, but we do not guarantee the accuracy, completeness, or usefulness of any information or narrative presented. The content is provided for **entertainment and informational purposes**. Detector Studio does not warrant that any factual statements in the content are 100% accurate or up-to-date. Viewers should not rely on the content as factual reporting without independent verification.
- **App Performance:** We do not warrant that the App will be error-free, uninterrupted, secure, or free of viruses or other harmful components. While we hope you enjoy an optimal experience, we cannot guarantee that the software will always function without disruptions, delays, or imperfections. You assume the risk as to the results and performance of the App.
- **No Other Warranties:** No advice or information, whether oral or written, obtained by you from Detector Studio or through the App shall create any warranty not expressly stated in these Terms. Detector Studio does not guarantee any specific outcomes from the use of the App (for example, we do not guarantee that your use of the App will increase your knowledge or that you will find the content to your liking).
- **Third-Party Materials:** The App may include content, data, or other materials from third parties, or links to third-party websites or resources. We are not responsible for the content or reliability of any third-party materials or websites, and you access

them at your own risk. Any third-party services (for example, if an episode includes archival footage courtesy of another provider) are subject to their own terms and privacy policies.

Some jurisdictions do not allow the exclusion of certain warranties, so some of the above disclaimers may not fully apply to you. In such cases, any implied warranties are limited to the minimum scope and duration permitted by applicable law.

## **10. Limitation of Liability**

To the maximum extent permitted by applicable law, in no event shall Detector Studio Limited, its directors, officers, employees, partners, or agents, be liable to you for any **indirect, incidental, special, consequential, exemplary, or punitive damages**, or any loss of profits or revenues, loss of data, loss of goodwill, or cost of substitute services, arising out of or in connection with your access to, use of, or inability to use the ReelTale App or any content therein, whether based on warranty, contract, tort (including negligence), statute, or any other legal theory, and whether or not Detector Studio has been informed of the possibility of such damage.

In particular, Detector Studio will not be liable for:

- damages arising from any **errors, mistakes, or inaccuracies** in content;
- personal injury or property damage resulting from your access to or use of the App;
- any unauthorized access to or use of our servers and/or any personal information stored therein;
- any interruption or cessation of transmission to or from the App;
- any bugs, viruses, trojan horses, or the like that may be transmitted to or through our App by any third party; or
- for any content that is defamatory, offensive, or illegal which may be encountered (though we do not expect our content to contain such material, and we strive to provide appropriate content for general audiences).

**Cap on Liability:** To the extent that any liability is not legally excludable, **the total cumulative liability of Detector Studio for all claims arising out of or related to these Terms or your use of the App, regardless of the form of action, shall not exceed the amount (if any) that you have paid to Detector Studio for use of the App or content in the six (6) months immediately preceding the claim** (for example, your subscription fees for that period, or the cost of episodes purchased). If you have paid no amount, our liability shall be zero to the fullest extent allowed by law.

**Exceptions:** Nothing in these Terms shall limit or exclude our liability for gross negligence, willful misconduct, fraud, or any other liability that cannot be excluded or limited by law. In particular, because you are a consumer, we do not exclude or limit liability for: (i) death or personal injury caused by our negligence or the negligence of our employees or agents, or

(ii) breach of any obligation under applicable product liability laws, or (iii) any breach of obligations implied by law to the extent those cannot be excluded.

Because some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you in its entirety. In such jurisdictions, our liability shall be limited to the fullest extent permitted by law.

## 11. Indemnification

You agree to **indemnify, defend, and hold harmless** Detector Studio Limited and its affiliates, officers, directors, employees, agents, partners, and licensors, from and against any and all claims, disputes, demands, liabilities, damages, losses, or expenses, including reasonable attorneys' fees and costs, arising out of or in any way connected with:

- your access to or use of the ReelTale App or Content,
- your violation of these Terms or any applicable law or regulation,
- your infringement or misappropriation of any intellectual property or privacy rights of any third party, or
- any other party's access and use of the App with your unique username, password, or other security credentials (whether due to your action or omission).

We reserve the right, at our own expense, to assume the exclusive defense and control of any matter otherwise subject to indemnification by you (in which case you agree to cooperate with our defense of that claim). You agree not to settle any such matter without the prior written consent of Detector Studio. This indemnification obligation will survive the termination of your use of the App and/or these Terms.

## 12. Suspension and Termination

Detector Studio may, under certain circumstances and without prior notice, immediately suspend or terminate your access to the App and/or your account. **Cause for such termination** may include, but is not limited to:

- Breaches or violations of these Terms or other incorporated agreements or guidelines,
- Requests by law enforcement or other government agencies,
- A request by you (self-initiated account deletion),
- Discontinuance or material modification of the App (or any part thereof),
- Unexpected technical or security issues or problems,
- Extended periods of inactivity of your account, or

- Engagement by you in fraudulent or illegal activities.

Termination of your account may include: removal of access to all offerings within the App, deletion of your account credentials and all related information, and barring of further use of the App. If your account is terminated by us due to a breach of these Terms, you will not be entitled to any refunds for purchases or subscriptions you have made (except where required by law). We also reserve the right to terminate or suspend the App itself (in whole or in part) at any time, for any reason, such as if we choose to discontinue the service. If we discontinue the service entirely, we will provide as much advance notice as reasonably possible to active subscribers and will ensure that any active subscriptions are appropriately refunded on a pro-rata basis for unused time, or otherwise handled in accordance with applicable law.

You may terminate your own account at any time by canceling any ongoing subscriptions through Apple and ceasing to use the App. If you wish to delete your account data, you can contact us as described in the Privacy Policy. Termination will not relieve you of any obligations arising prior to termination (for example, any indemnification obligations, or any payment obligations accrued, and these Terms will still apply to those obligations even after termination).

### 13. Governing Law and Jurisdiction

These Terms of Use and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with these Terms or the use of the App shall be **governed by and construed in accordance with the laws of England and Wales**, without giving effect to any conflict of laws principles that may provide for the application of the law of another jurisdiction. If you are accessing the App as a consumer in the UK or EU, you may have certain mandatory rights under local consumer protection laws, and nothing in this governing law provision will deprive you of the protection of the mandatory provisions of the law of the country where you habitually reside.

**Jurisdiction:** You and Detector Studio agree that the courts of England and Wales shall have **exclusive jurisdiction** to settle any dispute or claim that arises out of or in connection with these Terms or your use of the App, subject to any rights you may have under applicable consumer laws to bring disputes in your local jurisdiction. If you are a consumer resident in Scotland or Northern Ireland, you may also bring proceedings in your local courts. If you are using the App from outside of the UK/EU, you agree that any dispute shall be resolved in the courts of England, and you consent to the personal jurisdiction of those courts.

### 14. Changes to the Terms

Detector Studio may revise or update these Terms of Use from time to time. We will notify you of any material changes to the Terms by posting the new Terms within the App and updating the "Last Updated" date above, and, if the changes are significant, by providing a prominent notice (such as an in-app alert or via email notification if we have your email on file). It is your responsibility to review these Terms periodically.

**Continued use of the App after any such changes constitutes your acceptance of the new Terms.** If you do not agree to any updated Terms, you must stop using the App and, if

applicable, cancel any Subscription (though note that simply uninstalling the App will not automatically cancel your subscription—please refer to Section 4.1 on how to cancel through Apple).

Any changes to the Terms will not apply retroactively to events that occurred before such changes. If any provision of these Terms is held to be invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of these Terms will remain in full force and effect.

## 15. Third-Party Beneficiaries (Apple)

You acknowledge that these Terms (and the license granted herein) are between you and Detector Studio Limited, and not with Apple Inc. However, as the distributor of the App, **Apple is a third-party beneficiary of these Terms**. This means that upon your acceptance of these Terms, Apple will have the right (and will be deemed to have accepted the right) to enforce these Terms against you as a third-party beneficiary.

For clarity, Apple has no responsibility for the maintenance or support of the ReelTale App, nor any warranty obligations, and any claims such as product liability or legal compliance claims are handled by Detector Studio (as detailed in the Subscription Agreement/EULA). You agree that **Apple shall not be liable in any way** for the App's performance or failure to perform, and Apple's obligations to you with respect to the App are governed solely by Apple's App Store terms.

Apart from Apple, there are no other third-party beneficiaries to these Terms. These Terms do not create any rights for any other person except you and Detector Studio (and Apple to the extent of this Section).

## 16. Miscellaneous

- **Entire Agreement:** These Terms (along with the Privacy Policy and the Subscription Agreement/EULA referenced separately) constitute the entire agreement between you and Detector Studio concerning your use of the ReelTale App and supersede any prior or contemporaneous understandings and agreements, whether written or oral, regarding the subject matter hereof. In the event of a conflict between these Terms of Use and the Subscription Agreement/EULA (which is provided primarily to satisfy Apple's requirements), the provisions that are more protective of Detector Studio and consistent with applicable law shall prevail; however, all documents are intended to be consistent and will be interpreted harmoniously where possible.
- **Waiver:** Our failure to exercise or enforce any right or provision of these Terms shall not operate as a waiver of such right or provision. Any waiver of any provision of these Terms will be effective only if in writing and signed by Detector Studio.
- **Severability:** If any provision of these Terms is found by a court of competent jurisdiction to be invalid, illegal, or unenforceable, that provision shall be enforced to the maximum extent permissible, and the remaining provisions of these Terms shall remain in full force and effect.
- **Assignment:** You may not assign or transfer your rights or obligations under these Terms to any other person or entity without our prior written consent. We may assign

our rights and obligations to an affiliate or in connection with a merger, acquisition, sale of assets, or by operation of law.

- **Headings:** The section titles in these Terms are for convenience only and have no legal or contractual effect.
- **Contact Information:** If you have any questions or concerns about these Terms or the ReelTale App, you can contact us at **contact@detector.studio**. Additionally, you may refer to our Privacy Policy for more information on how we collect and use data, and to the Subscription Agreement/EULA for specific licensing terms required by Apple.

Thank you for reading these Terms of Use. By using ReelTale, you are agreeing to these terms and we hope you enjoy the experience of our documentary AI series!
